Empowerment Policy for Faculty

Faculty is the most important pillars of an institute. While students spend their 4 years in the institute, by large, teacher spends 30-40 years with the institute. Empowerment of faculty in turn is an empowerment of the student. While investment on empowerment of a student is recurring, the investment on empowerment of faculty gives long term returns. Institutes need to ensure continuous value addition of each and every faculty member. To encourage this, following schemes / policies are framed for various activities under the broad umbrella of faculty empowerment. Following policies/schemes are devised for empowerment faculty members.

1. Participation in Conference / Seminar/ Workshop / Exhibition /Technical Festivals /FDP / Training programs /STTP etc.

Empowerment comes through external exposure:

- Faculty members are encouraged to participate in the **quality conferences** arranged by institutions of repute, centrally funded institutions, state govt. funded institutions, TEQIP funded institutions and other institutions in the country preferably in the bracket of 200 ranks in the NIRF.
- Faculty member **publishing/presenting paper** in the conference/workshop/congress etc. will be reimbursed total expenditure towards this which include permissible **travel expenses, stay arrangement, permissible dearness allowance, and registration fees.**
- Every faculty will be supported **once in every year** for such activity.
- Faculty members (who are **not authors**) but interested in attending these prestigious conferences, workshops, seminars etc. will also be supported to the limit of **75% of the actual expenses.**
- The principal may accord sanction to additional conference/event for a particular faculty as a token of appreciation towards **valuable contribution** of an individual to the institute.
- Every faculty deputed for such external event, shall **submit a report**, and give a brief seminar in the department to the colleagues/students regarding the event/topic/paper.

2. **Professional membership of Technical Societies such as IET, IEEE, IE(I), IETE, CSI, ACM, or any other professional society recommended by the respective HoD and Dean-Administration.**

Empowerment comes through Collaboration:

- Every faculty will be encouraged to be the member of the **professional societies** in the domain.
- Institute will support **75% of the membership fees** every year for every faculty with a **maximum limit of Rs. 20000**.

3. **Assistance for registering patent/copy right/IPR.**

Empowerment comes through Innovation:

- The **IPR and Patents** have become very important in today's context for any higher education institute, in particular the **technical education institution**.
- Faculty need to be encouraged to innovate. Attempts be made to make them more **innovative and creative**.
- **Projects, capstone project, mini project**, give student opportunities to work together, work on new ideas. It may lead to start up / entrepreneurship.
- To encourage innovative works of the faculty, **100% financial support** towards the expenses incurred in registering the **new idea, patent** will be provided by the institute.
- The application in this regard be forwarded through the Head of the Department. The institute level R&D committee under the Dean Academic & Research will evaluate this within a week.
- This committee will consist of **5 senior faculty** across the institute covering broadly all domains of learning.
- The committee will scrutinize these proposals scrupulously. Based on the **merits of the proposal** a decision will be taken whether to extend the financial support or not.
- Financial support extended will be **100% of the total expenses** (covering entire stages such as filing the patent, first examination, cross examination, response to the queries, all Govt fees and official charges of patent attorney, charges towards the certificate of award of the patent, etc). The patent will be **property of the institute**. It will be in the name of the institute. The faculty will be the authors for the patent.
- If the **patent is rejected**, the **50% expenses** will be returned by the faculty to the institute.
- Only **one patent per year per faculty** will be supported.

4. Assistance for Industrial Visits/Internship/Tours.

Empowerment comes from Industrial exploration:

- Faculty members are encouraged to **visit industry, arrange industrial tours**, do the industry internship to get real life flavors.
- Faculty will be financially supported for these activities.
- Every faculty will be supported **once in every year** for maximum 5 days.
- The permissible **travelling and dearness allowances** and permissible expenses towards stay will be reimbursed at actual.
- Faculty going for **long duration industry internships** will also be supported.

5. Support to purchase the books.

Empowerment comes from quality learning material:

- Teacher is expected to refer **good quality learning material**.
- Teacher is expected to refer several **world class books** while preparing for the course to be taught.
- This is continuous process and demands the **awareness of recent publications and literature**.
- To facilitate every teacher is encouraged to **procure the books**.
- **A financial support of actual amount spent on books limited to Rs. 5000/- per year** will be extended to every faculty member.

6. Assistance for enrollment for the MOOC's courses.

Empowerment comes from accessibility:

- Open learning platform such as **NPTEL, Coursera, edX** offer great learning opportunity for today's learners.
- This is enriching education. New courses on **cutting edge technology**, and of **interdisciplinary nature** can be studied on these platforms from the best universities of the world.
- The best teachers of these universities make such courses available to worldwide learners.
- Anytime, anywhere and offered at the **individual pace** are very distinctive and attractive features of these courses.
- Many **reputed universities** have started online specialization programs in **emerging areas**.

Empowerment Policy for Faculty: 2023

- **IITs offer** more than 400 courses on **NPTEL/SWAYAM platform**. Many of these courses are **live courses** and offered semester to semester. IITs also take **Procter examinations** and offer certificates to the learners who have successfully completed the registered course.
- All faculty members in the institute be encouraged to **register for these courses and increase the bandwidth of the knowledge**.
- To facilitate this, every faculty will be supported to the tune of **75% of actual registration fees for such MOOC's courses** from any platform.
- Teachers are expected to register for the courses related to **new technology, inter disciplinary courses, advance mathematics and statistics related courses, and other value addition courses**.
- Every teacher will be supported to register for one course per semester.
- Institute may also felicitate such Teachers who have registered and completed the **MOOC's course successfully in the Academic Council** to appreciate the efforts of the teachers towards knowledge up gradation.

7. Tuition fees support to faculty for higher education/additional qualification.

Empowerment comes from higher education:

- Lifelong learning has become the essential attribute of today's engineer. **Disruption of technology** is giving rise to several new fields.
- To sustain in such changing time, faculty members will have to **continuously learn**.
- To support faculty for enrolment to the **higher education, tuition fees support** will be extended to the faculty to the tune of **50% of the actual fees paid** for the relevant programs at institute of high repute such as IITs/IIITs/NITs.
- Faculty requiring such support will make an application well in advance for such support.
- Presently such support will be extended for additional ME/M.Tech./MS Degree or Ph.D. program for regular and permanent faculty members.
- This support will also be extended for acquiring studying online Specialization programs for example **Micro master programs of Massachusetts Institute of Technology (MIT), USA**.
